It's a Smart Fact... Milk

**Lift off to good nutrition**

\*Bread Basket offered daily

Why drink milk? Well, for starters, it's a great source of calcium and it helps you build and maintain strong bones. In order to keep your body healthy, you need to get the amount of calcium recommended by the National Institute of Health - found in at least three to four 8-oz. servings of milk a day.

GET UP, GET MOVING, KEEP ON MOVING
